

## Greenhouse Technician I

Employment: 15-20 hours per week

Location: Ottawa Lake Michigan

Application Deadline: April 1, 2024

**About Forget Me Not:** We are a wholesale only farm. We sling some amazing fresh flowers in southeast Michigan and northwest Ohio. We are an upbeat, hardworking group and we are all passionate about growing pristine, seasonal, locally grown flowers.

**Who we are looking for:** We want a like-minded greenhouse technician to help us continue to build our team. If you are an energetic, flower fanatic that can work in a variety of weather conditions, this position could be for you.

As a greenhouse technician, a typical day may include the following key responsibilities:

- Harvest flowers and process them to meet the demand for daily orders.
- Manually and with light equipment, prepare greenhouse beds for planting.
- Plant transplants, seeds, and plugs for the next crops.
- Sow plug trays with needle seeder.
- Scout for insects and diseases.

Do you pay attention to detail? Do you love flowers, plants and people? Do you have an upbeat attitude? Enjoy the physical nature of farming? As far as you're concerned, anything worth doing is worth doing right, every single time!

Can you stay focused, like getting dirty and working hard? Do you want to work with the best flowers and the most passionate greenhouse technicians in the business?

You might be ideal for our team because you think on your feet. You like learning new things and learn quickly. When things change you know how to roll with the punches. You are self-motivated. You take pride in your work and authentically love the plants and the flowers.

To land this gig you need to be an early riser and comfortable working in a variety of weather conditions. You must be able to lift 50 pounds and stand/crouch on soil for extended periods of time. Previous farming and horticulture experience is preferred. Compensation based on experience, education and work ethic.

If you're interesting in joining our amazing team, please send your resume and cover letter to [forgetmenotfarmsmi@gmail.com](mailto:forgetmenotfarmsmi@gmail.com). Tater and I look forward to hearing from you!
